PERSONAL SUMMARY

I'm a highly enthusiastic, hardworking and exceptionally reliable developer with a solid understanding of object-oriented programming.

I have learned the foundations of such languages as Java and JavaScript, and I'm open to learning new technologies. I can create web applications with Spring Boot framework and in Node.js with Express framework. I have problem-solving skills, and I enjoy turning complex problems into simple ones.

Participating in on-line courses and creating my own projects allow me to develop my programming skills and broaden my knowledge. Currently I'm learning front-end technologies.

SKILLS

- Java
- HTML & CSS
- SQL
- REST API
- unit testing
- Node.js
